Sir:

In response to the Office Action dated September 18, 2003, please amend the above-identified application as follows:

IN THE CLAIMS:

Please cancel claims 2 and 34 without prejudice or disclaimer.

-
1. (Amended) An ultrashort pulse generator for generating ultrashort optical pulses, comprising:
- an ultrashort optical pulse source generating ultrashort optical pulses; and
- a wavelength conversion channel for converting a wavelength of said ultrashort optical pulses to a different wavelength, comprising an optical waveguide including an optical parametric generation portion for parametrically generating said ultrashort optical pulses at said different wavelength; and

a mode converter for coupling input light into said optical waveguide.
